GLOBAL ADVANTAGE

MANAGING A MULTINATIONAL ENTERPRISE IS A HUGE CHALLENGE, REQUIRING CLIENTS TO DEAL WITH THE UNIQUE LEGAL, CULTURAL, POLITICAL AND ECONOMIC CONDITIONS OF EACH COUNTRY IN WHICH THEY DO BUSINESS.

In this highly competitive world, Interlaw provides clients with a genuine global advantage through a unique network of elite independent law firms around the world.

Interlaw offers an alternative to the traditional 'international law firm'. Seamlessly working together, we deliver guaranteed quality, responsiveness and access to opportunities through experts around the world, who truly understand their local markets.

SERIOUSLY CONNECTED

THE TRADITIONAL INTERNATIONAL LAW FIRM MODEL OFTEN RESULTS IN ADVICE FROM PEOPLE WHO ARE NOT EMBEDDED IN MARKET. INTERLAW PROVIDES CLIENTS WITH A PROVEN ALTERNATIVE THAT DELIVERS A JOINED UP, PERSONALISED, TRULY GLOBAL SERVICE THROUGH ONE POINT OF CONTACT, IF REQUIRED.

Over 7,000 first class lawyers will be on a client's team, fluent in the language and customs of the countries where any client wishes to operate. We can unlock the door to a wealth of first class expertise in jurisdictions around the world including key emerging growth markets.

Interlaw's objective is to make the client's world smaller, more accessible and more manageable, through a global legal service that is intelligent, personal but comprehensive. Global legal excellence comes guaranteed wherever a client needs it.

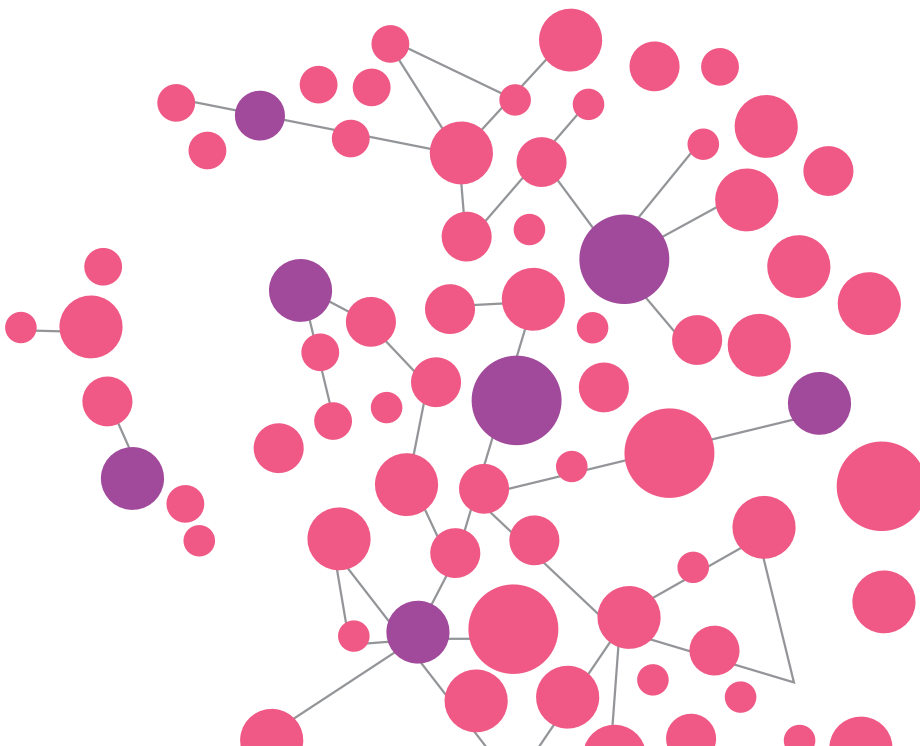

A NETWORK YOU CAN TRUST

INTERLAW IS UNIQUE IN THE QUALITY OF ITS MEMBERS AND THE SCOPE OF ITS SERVICES.
